

**Instructor of Biochemistry
Southern California College of Optometry
Fullerton, CA**

The Southern California College of Optometry (SCCO) is seeking qualified applicants to serve as an instructor for Biochemistry, with the course beginning June, 2012. This course will be offered to those students seeking to fulfill pre-requisite requirements for post graduate health related professions (e.g. Optometry, Physician Assistant), as well as health related undergraduate degree requirements. This is an opportunity for one who is seeking additional instructional opportunities in higher education associated with one of the most reputable post graduate institutions in Orange County. The Instructor will work in closely with the Academic leadership at SCCO to develop the structure, systems, and processes which support the instruction of Biochemistry. This is a weekend offered course (Saturday, Sunday), with the anticipated start date of instruction of early June, 2012, with completion in mid July.

Position Responsibilities:

1. Develop/create, and instruct the Biochemistry Course
2. Responsibility for administering examinations and submitting grades
3. Identify and provide resources to those students at risk
4. Provide office hours and access to students for additional assistance

Position Qualifications:

1. Record of Biochemistry instruction in Postsecondary Education.
2. A Master's degree, with a doctorate preferred

Application: Qualified candidates for this position are requested to submit a curriculum vitae, along with a cover letter conveying their interest and why they would be an excellent candidate. Please include two references along with your CV and cover letter to:
