# POSTERIOR SEGMENT & IMAGING

**Sunday, January 22, 2012**  
**8:00 am – 4:10 pm**

**8 Hours of Continuing Education Available**

 Southern California  
 College of Optometry  
 Richard L. Hopping Academic Center

Posterior Segment & Imaging  
January 22, 2012  
8:00 am – 4:10 pm  
8 Hours of CE Credit Available

This program has been designed in response to audience requests for an indepth look at the Posterior Segment.

The gonioscopy lecture addresses the importance of a thorough understanding of gonioscopy, which can be the most important factor in the correct diagnosis of disease in a comprehensive examination. For those who see glaucoma patients gonioscopy is typically performed initially for all glaucoma patients and suspects.
